

# ISP AHANI BIOTECH

Dedicated to Preserving Natures' Harmony

Under the banner of 'Ispahani-Biotech' (IBT), Ispahani has undertaken an endeavor to extend the reach of bio-pesticide technologies to farmers. Since 2009, Ispahani Biotech has been guided by the motto "Dedicated to Preserving Natures' Harmony," focusing on advancing research and development in the realm of bio-pesticides and associated technologies. The scope encompasses vegetables, rice, tea, and sugarcane. Commencing its journey by harnessing various pheromones and bio-control agents, Ispahani Biotech is actively working towards expanding its product range to encompass environment friendly solutions for pest and disease management strategies.

## BIOTECH PRODUCT PORTFOLIO OF IBT CONSISTS OF:

Pheromone lure: Total 9

Bio-insecticide/Miticide: Total 7

Microbial biopesticide: Total 4

Biofungicide: Total 2
